

No Place to Cry (Sep 2011)

There's no place to cry, no place to cry
It was nothing but lies and there's no place to cry

People round me all smilin, in this fine café
It was here he once brought me with these words to say
He said that he needed me, and his love was true
Said that this was forever, ... I was smilin then too

Now there's no place to cry, no place to cry
It was nothing but lies and there's no place to cry

In his life before we met, he was foolish and wild
But there's one that he can't forget, she bore his child
And they're waiting this mornin' for him to come by
They're waiting this mornin' ... and there's no place to cry

There's no place to cry, no place to cry
They're waiting this mornin' and there's no place to cry

He says that his love for me is so deep and real
I have no words to tell him the pain that I feel
He says we can work it out if we only try
But he's tearin' my heart right out, ... and there's no place to cry

No place to cry, no place to cry
He's tearin' my heart out and there's no place to cry
